

ELECTRONIC SIGNATURES FOR DOCUMENTS AND FORMS

PUT MOBILITY, INNOVATION AND IMPROVED PROCESSING EFFICIENCIES AT THE HEART OF YOUR BUSINESS, AND OFFER A MORE ENGAGING ONLINE CUSTOMER EXPERIENCE, WITH ELECTRONIC SIGNATURE SOLUTIONS FROM AXIENT.

eSignLive OVERVIEW

No matter how simple or complex your signing processes are, whether you need to e-sign the occasional electronic contract, or you are planning on processing thousands of transactions online, eSignLive gives you the options.

- Improve customer experience
- Paperless - Eliminate the paper trail of contracts, which reduces printing and physical file storage needs
- Create an audit Trail and Compliance - Set workflows and automatically store document history seamlessly

WHY AXIENT

Our philosophy is simple: Understand our customers' needs so we can enable pathways to efficient and optimised business processes. Our consulting-led approach allows us to tailor best in category solutions to achieve specific corporate objectives – helping us to transform business processes, maximise value, and reduce time to benefit.

START YOUR DIGITAL AUTOMATION JOURNEY

For a free, initial consultation to discuss your organisation's unique business process needs call or email Axient today.

Integrate e-signing with your business systems and customer facing applications to streamline transactions from start to finish.

- Prepare documents for e-signing from virtually any Windows-based application
- Pre-built integrations available for Salesforce®, Microsoft® Sharepoint, Microsoft® Dynamics CRM and Box.

INTUITIVE INTERFACE AND NAVIGATION

eSignLive provides a simple and intuitive document review and signing process.

Modern, clean, and sleek, eSignLive allows users to navigate through the application to help them easily prepare, send and sign documents.

SIGN ON ANY DEVICE

Capture signatures on your website, at a point-of-sale, or out in the field using a desktop, laptop, or mobile device. Signers are not required to download anything and can e-sign using only a standard web browser. eSignLive supports click-to-sign, handwritten signature capture, fax-back signing, and more.

SIMPLE AND SECURE SIGNING AND VERIFICATION

- Tamper proof seal for each signature
- Vendor-independent records
- One-click verification of signatures

COMPREHENSIVE AUDIT TRAILS

- Captures the entire signing process from beginning to end, so you can track and replay transactions for compliance purposes and internal controls.
- In a multi-signer process, each e-signature is individually locked down as it is added to the document. If a signer and co-signer e-sign on different days, that will be reflected in the audit trail

ON-PREMISES AND IN THE CLOUD

Deploy eSignLive behind your firewall or in the cloud without compromising on your requirements.
